What is PokerTracker 4?

PokerTracker 4 is a software suite which includes tons of tools to help you track and improve your poker game. It allows users to properly analyse hands, find leaks and improve their play, and make better decisions through the use of in-game statistics.

Some of the most noteworthy components of PokerTracker 4 include:

- An industry-leading **real time Vector HUD** to keep track of in-game statistics
- **NoteTracker**, a customizable tool which automatically keeps notes on your opponents
- **LeakTracker** allows **cash game** players to analyze their database of played hands
- Tools which allow **Independent Chip Modelling analysis** and simulation
- An **Equity Calculator** so you can see your **equity** against your opponent's **range**

You can visit our [dedicated poker software forum](#) with any questions you may have or learn more about PokerTracker 4 with our guide:

sounds good, im buying after christmas.... but just \$6 off? cmon
- #2 **Achillesblatt**, 19 Dec 12 06:06
one of the most ridiculous discounts i have seen in a while, especially after a statement like "Tons of PokerStrategists have asked us to team up with PokerTracker, and the wait is finally over." Definitely not going to buy this with that kind of discount.
- #3 **MJPerry**, 19 Dec 12 06:10
I'd rather get something for 90% of the price than 100% ^^
Looks awesome, I'll definitely give it a spin :)
- #4 **Achillesblatt**, 19 Dec 12 06:15
then as a waiter you rather get 1 cent tips, rather than the usual 15%? I mean better then nothing right? No, not right. There are some thresholds at which discounts or grantings are rather ridiculous and not generous. my 2cents...
- #5 **DonMB**, 19 Dec 12 06:32
If you like to buy PT, you can do it with the discount. If you don't like to buy it, you don't need to buy it. As easy as that :)
- #6 **jonnyjim**, 19 Dec 12 06:33
The whole point of a discount is to encourage more people to buy a product. 10% off doesn't make me go "OMGZ, IM BUYIN PT4 NOW", i'll stick with PT3 thanks. Now if it was 25% - 30% off i'd Likely "SNAP PURCHASE".
- #7 **Achillesblatt**, 19 Dec 12 06:43
@6 THIS. same here
- #8 **patszerdonk**, 19 Dec 12 06:45
I'm using PT since my beginning career and I can tell you guys it's a better software than HM. I mean the design, not the features.
I hope more coach using PT for their videos.
- #9 **DonMB**, 19 Dec 12 06:48
#6 you already get a discount if you own PT3
If you purchased PokerTracker 3 on or after June 10, 2011, then you will receive an equivalent version upgrade to PokerTracker 4 for free.
If you purchased PokerTracker 3 before June 10, 2011, then you will receive a 60% discount on an equivalent version upgrade to PokerTracker 4
- #10 **MonaiPlox**, 19 Dec 12 08:09
Ehh, I have bought pt4 a week ago :(
- #11 **Dansinman**, 19 Dec 12 09:13
Go to the pt website and get it for free if you sign up to certain poker rooms
- #12 **Rihard4a**, 19 Dec 12 11:02
Holy shit 10% discount.
- #13 **DailyDollarPro**, 19 Dec 12 13:28
What a bunch of whiners! 10% is a good discount. Consider Poker Trackers margin on this product is

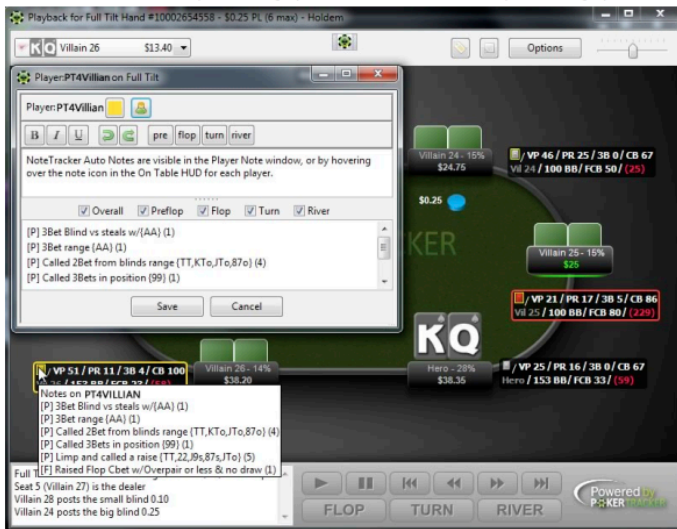

The PT4 HUD (click for larger).

The PT4 luck bell curve (click for larger).

LeakTracker (click for larger).

NoteTracker (click for larger).

probably 50%, that would mean they are actually losing 20% of their profit to us. Also consider that Poker strategy is likely getting a kickback from each purchase, that could mean a further 10 - 20% loss of margin. How would you feel taking a 30% cut in your profits/wages/hourly/rakeback ect just to drum up some extra business?

How about a thank you PS for this good offer, and please continue to find us further deals in the future :)

PT4 is the nuts wish this offer was out when i bought :(What happens if we have the small stake version, do PS members get a discount for upgrading?
